

APPLICANT FEEDBACK

2022

35 Responses

97% had experience with old & new application

TIME SPENT:

94%

agreed that the new
application took less time to
complete

**FINANCIAL
OBLIGATIONS:**

86%

agreed that the new
application reduced
financial obligations

**5 OUT
OF 10**

felt they had sufficient
opportunity to showcase
their experience and
readiness

SAMPLE COMMENTS

I saved a lot of time not having to fill out hour verification forms

While the Internship Readiness Application was faster & easier, it did not give me as much of an opportunity to show my experience or personality

THIS IS AMAZING. not having to print hundreds of documents, use postage to mail applications, and having to request official transcripts. This is a great money saver, and is a greener option

Barriers were that I had to resend two of the zip files multiple times.

This version of the application was extremely streamlined and felt less stressful and easier to fill out than the common application
